**Financial Reporting Entity**

The Niagara Frontier Transportation Authority (the Authority) was created by an Act of the New York State Legislature in 1967 to promote the development and improvement of transportation and related services within the Niagara Frontier transportation district. As a multi-modal transportation authority, the Authority operates a number of transportation related business centers including aviation, surface transportation and property management. The Authority is included in the financial statements of the State of New York (the State) as an enterprise fund. The Niagara Frontier Transit Metro System, Inc. (Metro) was created in 1974 to provide mass transportation services to the Niagara Frontier. Although Metro is a separate legal entity, the Authority maintains financial and governance responsibility over its operations. Based on its financial and governance responsibility for Metro, the Authority reports Metro as a blended component unit.

The Authority, including Metro, is governed by a 13 member Board of Commissioners (the Board) appointed by the Governor of the State. Of the 13 members, one member is appointed upon the written recommendation of the Erie County Executive and one is appointed upon the written recommendation of the Erie County Legislature. All appointments are with the consent of the New York State Senate. The Board governs and sets policy for the Authority. The Executive Director, subject to policy direction and delegation from the Board, is responsible for all activities of the Authority.
